**DAAC STUDIO**  
design & architecture  
Alexandra Cosma

DA-AC este un studio multidisciplinar care se concentrează pe arhitectură și design de interior care surprinde și inspiră viață. Fiecare proiect creează arhitectură convingătoare, practică și originală pentru clienți informați, care au grijă de spațiile în care trăiesc, muncesc, învață și se joacă. Studioul realizează fiecare proiect de la faza de concepție până la finalizare cu pasiune și angajament. Fiecare decizie de design integrează imperativele estetice și contextuale cu cele de buget, programe, materiale, și tehnologii constructive.
